

Companion Questionnaire

Name _____ Patient Name _____

Relation to Patient _____ Date _____

In our professional experience, we have found that many of our patients describe hearing loss as the perception of Sound Voids™ that affect not only their normal daily routines, but the lives of those around them. We would like to ask you a few situational questions to better understand your companion's listening lifestyle and how we might improve their quality of life.

Does a hearing problem

	Always	Sometimes	Never
Make it difficult for your companion to converse on the telephone?	A	S	N
Cause you to complain that your companion turns up the television or radio too loud?	A	S	N
Cause your companion to have difficulty following conversations in a restaurant?	A	S	N
Limit or hamper your companion's personal or social life?	A	S	N
Cause your companion to have to ask people to repeat themselves?	A	S	N
Cause your companion to have difficulty hearing when in the presence of background noise?	A	S	N
Cause your companion to have difficulty hearing women's or children's voices?	A	S	N
Cause your companion to hear people speak, but fail to understand what they are saying?	A	S	N
Cause your companion to feel as though others mumble?	A	S	N
Cause your companion to feel stressed or tired when listening for long periods of time?	A	S	N

Please provide the top three listening situations where you would like your companion to hear better

1. _____
2. _____
3. _____

Please select your companion's current and (if different) desired lifestyles

Active Lifestyle (Frequent Background Noise)

Current Desired

Quiet Lifestyle (Limited Background Noise)

Current Desired

Casual Lifestyle (Occasional Background Noise)

Current Desired

Very Quiet Lifestyle (Rare Background Noise)

Current Desired
